

WENTWORTH POINT PROBUS CLUB

April 2024 Newsletter

Firstly, a huge *Thank You* to Anne for the wonderful job she has done on all previous newsletters. I will certainly try to live up to her standard. Here goes.

NEXT MEETING

Monday 15 April 11.00am - Pulse Room 1

Keen to meet members? Join us for a cup of coffee or tea prior to our meeting or organise a group to have lunch afterwards. Our local cafes and restaurants ask that you make a booking.

OUR NEXT SPEAKER is Darius Tomasiello from Careflight.

Careflight is based at Westmead Hospital and in the Northern Territory, but is more than an emergency medical helicopter. The organisation runs a rapid response unit, a remote rescue unit in the Top End, does search and rescue, paediatric and newborn rescues, turbo-prop-aeroplane and medi-jet rescues, organises doctors on NSW ambulance aircraft, and has a fire and flood response service. This will be an interesting 45 minutes, so please come along.

A full list of our 2024 speakers is on the website so please see what we have lined up. Please click [here](https://wentworthpointprobusclub.org) for the link and scroll down for speakers.

If you are unable to come to the meeting, please submit a [Meeting Apology Form](#). This form is convenient for users and saves valuable time for our busy volunteers. If you are going away and will miss multiple meetings, just submit one form listing the dates you will not be here. The interactive forms are a great help, thank you for using.

THE CLUB'S NEW MANAGEMENT COMMITTEE was elected in March at our recent AGM. There were not many changes to the 2023 line-up but so you know who's who, a small chart of the 2024 Management Committee is below.

NEED MORE INFO BEFORE YOU DECIDE? The best way to read all the information easily and quickly (trust me!), is to click on the outing heading above. The link is a shortcut to the details page. Once there, click on the website address under "Cost" for the flyer. A "click here" link further down the page will bring up more info on the performance or the performer.

EMERGENCY CONTACT DETAILS. If your contact person or any phone numbers have changed since you completed the Registration for Outings Form, please email Peter Purser to advise of the change. It is most important we keep these details up to date.

If you haven't yet registered for outings and wish to come along, please click [here](#) for the form. You will need to print and complete it, then forward to Peter Purser. Peter's email is purserpeter@gmail.com.

LAST OUTING

The last outing was on 21 April to the Riverside Theatre in Parramatta to see *My Favourite Things* movie, a tribute to Rodgers and Hammerstein and their wonderful music. This was followed by dinner at the Parramatta League's Club. See next page for photos.

ROTARY CLUB OF CONCORD

WPPC is affiliated with the [Rotary Club of Concord](#), who sponsored our club when it was being set up. It would be good to keep in touch. Rotary is a large, world-wide organisation which sponsors many community events and projects locally, nationally and internationally. In our area, Concord Rotary is involved in the areas below which may of interest.

- [Concord Farmers' Market](#), managed and operated by the Rotary Club of Concord. The markets run 1st and 3rd Sunday of the month. Next markets are on 7th and 15th April, 8.30am to 12.30pm, Cintra Park, Crane Rd, Concord. All proceeds help the club support local, national and international projects and charities.
- [5 Senses Garden](#), Concord West.
- Also, check out their [Facebook page](#).

The Club holds a weekly dinner meeting at our favourite watering hole, the Brasserie at Massey Park Golf Club, 6.15pm, and they have kindly extended an invitation to any of our members who may like to come along. Please contact [Ian Gilkes](#) to advise you would like to attend.

Take care and see you at the next meeting.
